## Experience

### FULL-STACK DEVELOPER - 08/2022 to PRESENT

#### GOVERNMENT SECTOR- Malikiyah/ Syria

- Developed and maintained multiple full-stack web applications used by **100+ staff members** across departments.
- Improved data handling and internal workflows by **reducing manual processing time by ~30%**.
- Designed responsive UIs and integrated secure REST APIs with authentication and user role management.
- Managed deployments using Nginx and PM2 on Linux servers.

### FREELANCE FULL-STACK DEVELOPER - 2024

#### LATCHIN GROUP

- Built a complete currency exchange web platform using **Next.js, Node.js, and SQLite**.
- Developed exchange rate views, user authentication, and role-based access.
- Delivered responsive UIs with Tailwind CSS, ensuring 100% mobile and desktop compatibility.
- Delivered a production-ready app that is now actively used by the client staff, has since been adopted by **two additional company branches**, expanding its active user base.

## Skills

- Languages & Frameworks:** JavaScript, TypeScript, React, Next.js, Node.js, Express.js.
- Tools & Platforms:** Git, Nginx, Socket.io, PM2, Linux, REST APIs.
- Databases:** SQLite, SQL Server, MongoDB, PostgreSQL, Prisma ORM.
- Other:** UI frameworks (Mantine, Shadcn, Tailwind CSS), performance optimisation, responsive design.
